HYDROGEN

We are 70% water and 30% matter. We give all the importance to balance that 30% to recover the health. But what if the secret was in the other 70%?

ADVANTAGES OF HYDROGENATED WATER

HEALTH

Promotes good cholesterol, control sugar and blood pressure.

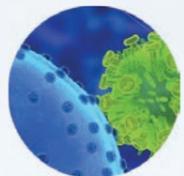

SKIN

Improves the condition of the skin of the interior outwards.

STRENGTH

Increases your energy and improves your mental clarity.

DEFENSES

Helps regulate defenses and stimulates the immune system.

ANTIOXIDANT

Prevents oxidation produced by physical activities.

MENTAL AGILITY

It is able to cross the barriers of the brain and act as a brain antioxidant.

YOUR HYDROGENATED WATER EVERYWHERE

COMFORT

Enjoy hydrogenated water in any place thanks to its portable forma.

SEPARATION OF OZONE

Separation of O₃ for better flavor, odor and antioxidantability of water.

USB CONNECTION

H₂Ultra has a USB connection to charge the internal battery located at the base.

QUALITY

Bottle body made of glass without BPA.

FUNCTIONALITY

Multiple uses with a single charger. It has two functions of H₂ (3-5 mm).

THERMAL COVER

Portable protective case, ideal for maintaining the water temperature.

BATTERY

Possibility to replace the battery if necessary without having to change the whole product.

DURABILITY

High power electrodes, longevity system.

Technical specifications of H₂Ultra:

- **Model:** H₂Ultra.
- **Capacity:** 350 cc.
- **Dissolved hydrogen concentration:** 700 ~ 1.200 ppb
- **ORP:** -350 ~ -550 mV.
- **Temperature range:** 0 °C - 80 °C.
- **Hydrogen generation time:** 5 - 8 minutos.
- **Number of uses with the charged battery:** 15 - 25 veces.
- **Charging time of the battery:** 90 minutos.
- **Input power:** AC 100 V ~ 240 V / 50-60 Hz
- **Output power:** DC 5 V 1.2 A.
- **Weight:** 400 grs.
- **Dimensions:** 210 x 70 x 70 mm.

PEM membrane.
High quality platinum titanium.
